## *Palm Beach Cavallino Classic XVI*

*A FERRARI FESTIVAL FOR ALL...  
COMMENTS THROUGHOUT BY  
KEITH BLUEMEL*

The sixteenth running of the Cavallino Classic drew an eclectic mix of many stunning Ferraris to southern Florida in late January. In this Ferrari's sixtieth anniversary year, the event celebrated the twentieth anniversary of the F40, the golden anniversary of the 250 Testa Rossa, and a special anniversary of the first timelessly elegant 166 MM. For the attendees, the format followed the now well established and widely appreciated procedure of track activity and inaugural rounds of the Ferrari Maserati Historic Challenge at Moroso Motorsports Park, the Tour of Palm Beach, the new Lecture Series, the Concorso d'Eleganza on the front lawn of the sumptuous Breakers Hotel, together with a return of the charity benefit luncheon at the exclusive Mar-a-Lago Club. These were the main automotive events, accompanied by all the elegant peripheral social activity, including two awards dinners, an artist reception, and the now infamous jet party. It was the largest Classic to date, with a splendid and all embracing array of Ferraris, more than 400 in all, each with its proud and attentive owner. It was a good time, and your hosts thank all for attending.
