Left, back in Europe after many years in America was the very famous 312 P berlinetta, s/n 0872. It raced in the Shell Ferrari Historic Challenge with great speed and an even better noise, seen here at the difficult Nürburgring track. The driver was the professional David Franklin, who knows how to get the most out of an historic race car.

Above, professional drivers Peter Hardman and Gregor Fischen both piloted the beautiful and rare 330 P3/412 P, s/n 0844, seen here at the Nürburgring.

Above, Irvine Laidlaw in his 312 PB, s/n 0886, was great to see and hear during the Shell Ferrari Historic season, here at the first Mugello event.

Above, Nicolas Zapata kept up the good fight against a barrage of Maseratis in his 625 TR, s/n 0612 MDTR, seen here at the first Mugello race.
