Left, the Risi *Competizione* F430 GTC, s/n 2606, pounds on to victory at the 2009 Le Mans 24 Hour race, with a First in GT2 Class (and an eighteenth overall). The Porsche threat faded during the long race but this car had nine other Ferraris to contend with, all of them competitive. Risi has won this honor two years in a row now. Our congratulations.
